## RÈGLES DU JEU :

1 Choisis un des quatre Pokémon. Compte le nombre de lettres dans son nom et change la position de la cocotte Pokémon autant de fois qu'il y a de lettres.

2 Choisis un nombre.

3 Lis le message caché sous ce nombre en dépliant la languette pour découvrir si tu as attrapé le Pokémon.

Detailed description: This is a large sheet of paper for a Pokémon-themed paper craft. It features a central grid of eight squares, each representing a different Pokémon. The squares are arranged in a 2x4 grid. Each square contains a line drawing of a Pokémon, a Poké Ball, and a number in a circle. The numbers 1 through 8 are placed in the corners of the squares. The text 'TU AS ATTRAPÉ LE POKÉMON !' is written in the center of each square, and 'LE POKÉMON S'EST ENFUI !' is written in the center of the adjacent square. The Pokémon names are written in large, bold letters around the drawings. The entire sheet is framed by a dashed line, indicating where to cut. The background is white with a yellow border at the top and bottom.
